

I call upon my guardian angel,  
to be more active in my life.  
In moments of doubt and concern,  
encourage me to step out of my comfort zone.  
Challenge me Guardian Angel,  
to be more motivated in my life  
to get off the couch of laziness.  
When I am attacked verbally,  
whisper into my ear of God's eternal love for me.  
When I struggle to cope with the darkest parts of my life  
like when I am down and in despair,  
remind me that I will get through this dark tunnel.  
Guardian Angel help me see the Light of God  
in the ordinariness of my life.  
Inspire me to find my vocation and call from God.  
Teach me Guardian Angel to be God's instrument  
of Hope in this world.  
I call upon my guardian angel,  
To be more active in my life.
